COMPLETED 2013

## Project overview

The project historically renovated the Vogue Theatre, which was built in 1938 in the Art Deco style of architecture. The building has been unoccupied since 2005, but recent efforts to bring it back were successful in raising a wide variety of private donations from community members, foundation dollars, and grants awarded from the DDA.

**MEDC investment:** \$503,000 Community Revitalization Program grant (approved FY13)

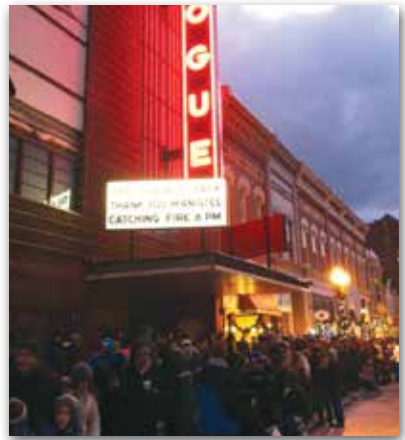

**Private investment:** \$2,354,000

**Local contribution:** \$233,000

**Jobs:** 5
